### TELLUS ABOUT YOU

TELL US ABOUT YOU
Would you describe yourself as someone who prefers a lot of detail when communicating your child's dental needs or are you more of a bottom line type of communicator. Select <b>one</b> :
☐ Details ☐ Bottom Line
YOUR GOALS
Among our Team we have four goals that drive our practice and quality of care. All of these are extremely
important to us. We would like to know which <b>one</b> is most important to you.
Please <u><b>put in order</b></u> from one to four
Comfort-Your child feeling at ease during and after their visit
Longevity-Your child maintaining a long-lasting healthy smile
Aesthetics-Your child having a bright smile that they are proud of
Function-Your child eating and speaking without restrictions
We have found that some of our parents have barriers that may prevent them from getting their child the treatment they need. Some parents do not have any barriers. In order to serve your family to the best of our ability, would any of the following be a potential barrier to dental care?
Please put an <b>X</b> next to any barriers you may have:
Time
Money
Fear
Trust
What would be a tangible solution to overcome the barrier?

### PARENT/GUARDIAN CONSENT FOR NON-PARENT TO BRING YOUR CHILD TO OUR OFFICE

WHENEVER WE PROVIDE YOUR CHILD WITH DENTAL CARE WE REQUIRE YOUR PERMISSION. IF YOU ARE NOT WITH YOUR CHILD THEN WE NEED YOUR SIGNED AUTHORITY TO RELY ON YOUR DESIGNATED PERSON(S) TO SEEK DENTAL CARE FOR YOUR CHILD IN YOUR ABSENCE. THOSE NAMED HERE ARE ALSO ELIGIBLE FOR PATIENT INFORMATION AS DESCRIBED IN THE NOPP/PHI ACKNOWLEDGEMENT.

Name of Guardian:

better to new environments when they are well rested.

### Maggie Davis, D.M.D. Lorielle Alter, D.M.D. Kathryn Kiskaddon, D.M.D.

**Board Certified Pediatric Dentists** 

### **Parent Information**

Thank you for choosing our pediatric dental office for your child's care. It is our goal to make each child's dental visit a positive experience and to treat every child as our own. Parents are welcome to come back to our treatment area, but both as experienced dental professionals, and—most importantly—as parents ourselves, we recommend parents wait in our reception area as we guide your child through his or her appointment. Similar to a learning environment at school, children are more likely to socialize and interact without a parent present. Dr. Maggie, Dr. Lorielle, Dr. Kathryn and their staff have excellent communication skills to help your child feel relaxed and we would like the best opportunity to explain, complete, and celebrate your child's successful dental appointment while having fun! With that being said, we understand that every child is unique and we encourage your presence if your child is very young, has special needs or you simply feel your child needs you present. Please let us know at check-in if you wish to come back, as we are happy to accommodate. We only ask that you act as a silent observer and other siblings wait in the reception play area. Should you decide to wait in the reception area but want to check on all the fun your child is having, please ask our front desk staff to bring you back for a 'peek-a-boo' visit where you can observe your child without being in their direct line of sight. At the end of every visit, we will always discuss your child's oral hygiene with you and you will have the opportunity to ask as many questions as you would like.

Appointment Policy
We reserve your appointment time specifically for you! If you need to reschedule, please give us at least 48 business hours notice
so that we may give someone else the opportunity to use that time. A fee may be charged for late cancellations (less than 48 hour
notice) and/or missed appointments. This fee must be paid before a new appointment is scheduled. After three broken
appointments within one year's time, we unfortunately will need to assist you in transferring the patient's records to another
dentist. If your child is under the age of 6, we ask that you schedule a morning appointment. Younger children often respond

### **Consent for treatment**

I, the undersigned parent/legal guardian, authorize Dr. Maggie Davis, Dr. Lorielle Alter, Dr. Kathryn Kiskaddon and their staff to examine this child, clean his/her teeth, apply topical fluoride, perform necessary dental treatment, and obtain other records necessary for an accurate diagnosis for my child. I further request and authorize the taking of dental radiographs (x-rays) as may be considered necessary by our Doctors to diagnose and/or treat my child's dental condition. I will allow photographs to be taken of my child and/or my child's teeth for diagnostic or educational purposes only. I understand that dental treatment for children includes efforts to guide their behavior by helping them to understand the treatment in terms appropriate for their age. Our Doctors will provide an environment likely to help children learn to cooperate during treatment by using praise, distraction and storytelling techniques, & child- friendly demonstration of procedures and instruments.
